Founded by Prof Colin Tatz, the AIHGS played key roles in the motions recognising the Genocides of the Hellenes, Armenians and Assyrians in the Parliaments of South Australia (2009) and New South Wales (2013).

It would be the honour and pleasure of the Coordinating Committee to have you join us as we honour the memory of the millions of Hellenes, Armenians and Assyrians whose lives were unjustly cut short. Join us, as together, we demand the justice of recognition for our ancestors.
